

SHARING WORKSHOP

Actuarial Student Internship Experience

CHARLOTTE ZHAO
Underwriting intern

Charlotte worked on 10+ health insurance underwriting projects, including rate development, parity tests, and group quoting. She will share her experience of using Excel and Macros and training sessions with actuarial, sales, and consulting teams.

IZZY WILSON
General Intern

Isabel will discuss her work across personal lines, employee benefits, commercial lines, and client services, highlighting key projects like worker's compensation modeling, healthcare benchmarking, and self-funded projections.
