

SHARING WORKSHOP

Actuarial Student Internship Experience

JAMES STEINDL

James enhanced the rate selection process with SQL and Excel, delivering insights into premiums and machine learning models. He'll share his approach to projects during his internship.

LARRY NGUYEN

Larry interned with a National Risk Control team, applying predictive analytics to client reports. He'll share insights on risk management and his internship preparation.

REGISTER HERE

DARCY TRAN

Darcy participated in a mentor-led program, focusing on data analysis and predictive modeling. She'll discuss her project on creating a discount model for a homeowner insurance company.
